OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, BANGALORE.

Dated 7th May 1949

Press Note.

There are some misapprehensions in certain quarters that the petrol coupons are not freely issued. In this connection, it is necessary to understand that the petrol quota is not commensurate with the increase in the number of vehicles for the last two years. It has become, therefore, inevitable that the strictest economy should be exercised in the matter of consumption of petrol and to restrict its expenditure to essential needs.

Government have issued instructions to all the District Magistrates and the Area Rationing Authorities to issue petrol to the Stage Carriages running in the Maidan parts for 15 days in the month, to those running in the Malnad parts for 18 days in the month, and to Stage Carriages carrying Mails for 25 days in the month.

In view of the repeated representations made by the permit-holders who are granted permits on the specific conditions that they must run their services on gas plant, Government have, as a special case, allowed petrol for 10 days in the month of May and 10 days in the month of June 1949 subject to the definite condition that these new services should run on gas plant from 1st July 1949.

Unlike other places, Government Industrial Concerns, Public Works Department, Electrical Department, Forest Department and Food Department in the State are in need of petrol to push through their schemes.

The public are therefore requested to co-operate with the Government and minimise the consumption of petrol in order to provide petrol for essential purposes.
